

Biography

Corolla Construction, Inc began business in 1998. Having started prior in various single trade's first painting, then trim carpentry and drywall. We made our way into design building of custom homes. Currently our marketing efforts are spent in the custom home and remodeling projects where our clients appreciate quality work. We also work on commercial projects such as commercial office build outs and residential rehab projects.

We carry an inventory of lots and refurbished homes that are for sales from time to time. We have built homes from Fox Chapel to Penn Township. We have also built fine homes in Monroeville Murrysville and Harrison City.

Corolla Construction, Inc. is a member of BAMP- Builders Association of Metro Pittsburgh. Our firm strives to provide quality service during the project and into the warranty period. Our contract documents provide for ease of understanding by our clients and allow for a smooth transition from concept to completion.

From lot selection to house placement we can assist. We have several architects that we can refer you to help you begin your dream home by getting all of your ideas down on paper. We have plans for our lots that will assist you. Additionally we can work from your set of professional plans and specifications you may already have. Corolla can assist at any of the levels of planning and transition into your build team.
